Any national of a State that is not a member of the European Union or a party to the agreement on the European Economic Area may be authorised to register as an expert-comptable in accordance with the procedure of Article 27, Ordonnance n°45-2138 of September 19, 1945.

To register, citizens of third States have to fulfill a file containing the proof of qualifications and pass an aptitude test in business law, social law and tax law, as well as an oral test on professional regulation and ethics. The aptitude exam takes place once a year in Paris.

Then, they may apply for their registration at the Conseil régional de l'ordre to be able to practise in France.
